

MAY 2ND

11AM – 1PM

HOARDING AND INSURANCE CLAIMS:

Topics That Will Be Covered:

1. The purpose of this course is to gain an understanding of hoarding and its role in insurance claims. Topics will include the definitions of hoarding, the risks of hoarding, and the various levels of hoarding.
2. Insurance professionals will also discuss coverage concerns as well as policy considerations. Finally, the course will cover the types of losses that may occur as well as issues that contractors will face.
3. The course will end with a summary and a question and answer period.
